*With one action, he took away her choice.
With one voice, she started a movement.*

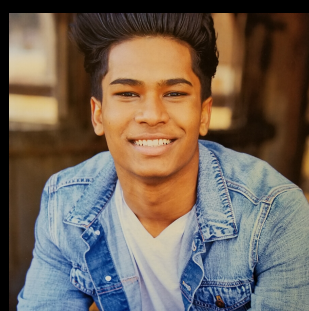

Inspired by a true story *10 Syllables* follows one woman's journey to turn her #metoo into everyone's #nomore. Every media sound bite in the film is from a real case. Every #NoMore message featured in the movement, is from a survivor of sexual assault that was brave enough to share their story with us.

Evan Faunce
(Baywatch - 2019)

Jasmeet Baduwalla
(Blue Power Ranger - 2019)

"An inspiring, timely and profoundly impactful story...*10 Syllables* shines a light a on dark topic with grace and compassion.."

KRNV - ABC - Film Critic's Corner

"...and with the closing credits came a silent crowd, no clapping, no cheers - just a stillness only created by a masterful story teller. Emily Skyle wanted to move us - and she did. "

KKOH - Morning News

"Skyle-Golden tackles this challenging topic in an unflinching, original and stylish manner. "
